

Rymys Technology Consultants focuses on clearly understanding customer needs in order to develop action-centric deliverables focused on providing the target audience with resources that encompass the customer's vision and mission in meeting goals and objectives. By analyzing business needs, by strategically developing a plan of action, and by developing resources that are used to train and educate what is necessary, Rymys Technology Consultants is necessary to complete your team.

## Core Competencies

- Business Analysis and Strategic Planning
- Project Development and Management
- Instructional Design, Education, and Training

## Differentiators

- Over 22 years of experience developing, implementing, and managing mission-critical projects with an emphasis on 508-Compliant requirements
- Security clearance enabled subcontractor to 3-prime VA contract holders from 1/2014 to 12/2019

## Past Performance

- **Dept. of Veterans Affairs, Office of Small and Disadvantaged Business Utilization (VA OSDBU)**
  - Lead analyst for the Strategic Outreach and Communications (SOC) Team (Jan 2014 – Dec 2019)
    - As lead business analyst and education specialist,
      - I developed all training resource material for becoming procurement-ready to do business with VA. Examples: Procurement Readiness & Doing Business With VA Reference Guides.
      - I advocated and managed a production studio to produce training videos and to host live individual and panel style discussions with Directors and invited guests.
    - As lead trainer,
      - I hosted and presented over 750 webinars focusing on educating the Veteran & non-Veteran small business owners on how to become procurement-ready to do business with VA.
      - I attended several small business events annually to provide face-to-face abbreviated training to the small business community.
